PRESS RELEASE

LONDON 28/03/2025

Threatproof Partners with CSL to Deliver Comprehensive Managed Security Services

Threatproof, a leading provider of cybersecurity solutions, is pleased to announce its strategic partnership with CSL, a premier IT service provider based in Barnet, Herts, UK. This collaboration aims to strengthen CSL's cybersecurity offerings by integrating Threatproof's managed security services into the CSL portfolio.

With the growing number of cyber threats facing businesses today, this partnership will enable CSL to provide enhanced security solutions to its clients, ensuring their data and infrastructure are protected against evolving threats.

Julien Tortora, Founder & CISO of Threatproof, expressed his enthusiasm for the partnership: "We are excited to join forces with CSL. This collaboration allows us to utilise our advanced security technologies and expertise to empower CSL's clients with reliable and effective cybersecurity measures. Together, we're committed to safeguarding businesses in an increasingly complex digital landscape.

James Clark, Managing Director of CSL, added, "Our mission at CSL has always been to provide exceptional IT services tailored to our clients' needs. By partnering with Threatproof, we are raising the bar on our cybersecurity offerings. Their innovative managed SOC services will ensure our clients benefit from state-of-the-art protection in real-time, giving them peace of mind to focus on their core business operations.

threatproof

The integration of Threatproof's SOC services will provide CSL clients with 24/7 monitoring, threat detection, incident response capabilities, and more, positioning them at the forefront of cybersecurity resilience.
